CITY OFFICES CLOSED

All City offices and the Concord Public Library will be closed on Monday, September 5th, in observance of Labor Day.

LABOR DAY - TRASH HOLIDAY

There will be no trash or recycling pick-up on Monday, September 5th, due to the Labor Day holiday. Collection will resume on Tuesday and will run a day behind schedule through Saturday.

MAIN STREET

There will be no construction work downtown today, or on Monday, September 5th, in observance of the Labor Day holiday. Next week, crews will begin the installation of brick and granite pavers in the sidewalk furniture zones and crosswalk bump-outs. In addition, landscaping crews will begin work on the underground irrigation system, which will water the new plants and trees. Also next week, the alley between OutFitters Thrift Store and L&B Tailoring will be closed as crews excavate and lay underground conduit for power and telecommunications utilities. Outside of the main work area, a crew will install concrete foundations for support poles for new street-spanning banners, which will welcome people to Downtown Concord. These will be located on South Main Street, near Thorndike Street, and east of North Main Street on Loudon Road.

CITY ENGINEER HONORED

Concord City Engineer Ed Roberge was recognized this past week by the American Public Works Association (APWA) as Professional Manager of the Year, Engineering and Technical Division. The award recognizes outstanding professional leadership, innovation, and community service. Ed was presented the award at the APWA's national conference in Minneapolis. Congratulations, Ed!

HOUSEHOLD HAZARDOUS WASTE COLLECTION DAY

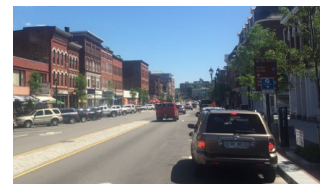

Concord's annual Household Hazardous Waste Collection Day will take place on Saturday, September 17th, from 9:00 AM to 3:00 PM, at the Everett Arena. Concord residents are encouraged to bring their household hazardous waste to the event to safely dispose of toxic materials. Proof of residency is required. Residents are asked to remain in their vehicles, as materials will be properly removed for them. Items should remain in their original containers, with tightened lids, and be packed in sturdy upright boxes to avoid spills. For more information and a list of acceptable and unacceptable items, visit www.concordnh.gov/hhw.

PUBLIC INFORMATION MEETING RE: LOUDON ROAD

On **Wednesday, September 7th, at 6:30 PM**, the Engineering Services Division will hold a public information meeting at the Heights Community Center (14 Canterbury Road) regarding the proposed improvements to the Loudon Road corridor. All residents, commuters, local officials, community leaders, and neighborhood groups are welcome and encouraged to attend. For more information, visit the City's [project web page](#) or call the Engineering Services Division at 225-8520.

DOWNTOWN PUBLIC PARKING FORUM

A public forum regarding downtown public parking will be held on **Thursday, September 8th, at 7:00 PM**, in City Council Chambers (37 Green Street). All residents, shoppers and patrons, downtown business owners and employees, and other members of the public are invited to attend.

NIGHT WORK CENTRE/N. STATE STREETS

On Tuesday evening, September 6th, beginning at 9:00 PM, drainage work will be conducted at the intersection of Centre and North State Streets. Work should be completed by 3:00 AM the following morning, September 7th. Concord Police will be present for traffic detail. Traffic delays are expected.

CITY OF CONCORD FEATURED ON REAL ESTATE WEBSITE

The City of Concord was recently recognized in an article on NewHampshireHomes.com for its "thriving community" and "interesting family attractions." The article, entitled "*Explore New Hampshire's Rich History and Culture through the Beloved Community of Concord*," features quotes from Tim Sink, President and CEO of the Greater Concord Chamber of Commerce. SEPTEMBER 24-25, 2016

MAPLE GROVE CEMETERY PAVING

The paving project at Maple Grove Cemetery is now complete. In addition to the paving, staff completed a mini-makeover of the cemetery's storage building.

BEFORE

AFTER

WATER MAIN REPLACEMENT

- Rolfe Street: The contractor will be installing water service connections and drainage next week. Only local traffic will be permitted.
- Court Street: The contractor will be paving driveways, installing curbing, and replacing sidewalks next week. Minor traffic delays are expected.
- Cross and Allen Streets: The contractor will be installing sidewalk and handicap ramps, as well as repairing patches and drives.
